

# A Twitter Alternative

If you frequent Twitter you have probably experienced some of my frustrations: arbitrary censorship, very uneven applications of their TOS rules, and the generally tyrannical rule of @jacik. (If none of this applies to you, ... well, you still might be interested.)

For about a year I have been an occasional user of gab.ai. The basic interface is very similar to Twitter. But there are no fancy tools (yet).

Today I received the following e-mail from the gab.ai folks. Sounds like they're getting ready to do serious combat with Twitter. If you're unhappy with your Twitter experience, give them a try. Usual disclaimers.
