

Vincent Geloso Dissects Gabriel Zucman

Prof. Zucman is part of the band of merry faculty that warp data and econometrics to achieve results favored by leftists. I've written about another member, Michael Reich, before. For reasons known only to the American Economic Association, he was awarded the John Bates Clark medal in 2023.

Recently, Vincent J. Geloso posted a long Twitter thread criticizing Prof. Zucman's latest. Prof. Geloso is Assistant Professor of Economics at George Mason University. The previous link is his CV. Judge for yourself how he's doing. (Hint: he finished his Ph.D. in 2016 at LSE.)

Forthwith, Vincent Geloso dissects Gabriel Zucman.
