

U.S. Government Kills Off Two More Small Businesses

brings us to the trippy oral argument. This guy gets i
ying to explain how the law works. The law says, yo
mply with this quirky requirement *18 months befo

illy says, this makes no sense. Kinda fishy that the l
if you already filled out this paperwork that, suspici
before the law was passed...

is exasperated. "Now if [the law] had said [you have
from NOW, that's fair. We're at least on notice. We l

aw says "we had to go time travel and comply with a
requirement... something about this process stinks,
r has to take a look at this. That's all we're asking for

Testimony in court case includes time travel, alien invasion.
Case hinges on "rational basis test." Which is not particularly
rational.

Thread by @sheldongilbert: "Two rural Alaska airlines sued the U.S. over a new law
effectively driving them out of business in favor of big airlines. OTD 7/13/2005 the
